EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Cancel claims 1-16, 21-23 and 26-29.

The following is an examiner's statement of reasons for allowance: The closest prior art is Van Crieking et al as cited in the office action mailed March 21, 2006. However, adding the limitation of Gcn5 has overcome the 102(b) rejection. Additionally, there is no motivation to add Gcn5 to this screening method requiring proteins to be post-translationally modified in order to interact.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michele K. Joike, Ph.D. whose telephone number is 571-272-5915. The examiner can normally be reached on M-F, 9:00-6:30.
